LIQUI-PLEX[®] Cu

Specimen Label

DIRECTIONS FOR USE

Apply LIQUI-PLEX Cu as a foliar application and dilute in a minimum of 10 gal of water per acre. Foliar fertilization is intended as a supplement to a regular fertilization program and may not, by itself, provide all the nutrients normally required by plants. This product should be used on the basis of a soil and/or tissue analysis and the user should seek the advice of an agricultural representative or a professional agricultural consultant. When tank mixed with other chemicals, compatibility testing should be conducted prior to application..

SHAKE WELL BEFORE USE

Deficiency	Application Rate
Mild	16 oz/acre
Moderate	32 oz/acre
Severe	64 oz/acre

WARNING: Harmful if swallowed. Harmful if inhaled. Avoid breathing mist. Wash hands thoroughly after handling. Collect spillage. Do not eat, drink, or smoke when using this product. IF SWALLOWED: Call a POISON CENTER or doctor if you feel unwell. Dispose of contents/container to a licensed hazardous-waste disposal contractor or collection site except for empty clean containers which can be disposed of as non-hazardous waste. Do not apply directly to or near water, storm drains, gutters, sewers, or drainage. KEEP OUT OF REACH OF CHILDREN

STORAGE: Keep container tightly sealed when not in use. Store in a cool, dry place between 34° and 100° F. Do not store in direct sunlight. Do not store diluted product.

Information regarding the contents and levels of metals in this product is available on the internet at <http://www.aapfco.org/metals.htm>
