Specimen Label

DIRECTIONS FOR USE

Apply LIQUI-PLEX Mn as a foliar application and dilute in a minimum of 10 gal of water per acre. Foliar fertilization is intended as a supplement to a regular fertilization program and may not, by itself, provide all the nutrients normally required by plants. This product should be used on the basis of a soil and/or tissue analysis and the user should seek the advice of an agricultural representative or a professional agricultural consultant. When tank mixed with other chemicals, compatibility testing should be conducted prior to application.

SHAKE WELL BEFORE USE

Deficiency	Application Rate
Mild	16 oz/acre
Moderate	32 oz/acre
Severe	64 oz/acre

WARNING: This product may cause damage to organs through prolonged or repeated exposure. Always wear protective gloves and face protection. Do not breathe dust, fumes, gas, mist, vapors or spray. Seek medical attention if you feel unwell. Dispose of contents/container to hazardous or special waste collection point in accordance with local, regional, national and/or international regulation. KEEP OUT OF REACH OF CHILDREN

STORAGE: Keep container tightly sealed when not in use. Store in a cool, dry place between 34° and 100° F. Do not store in direct sunlight. Do not store diluted product.

Information regarding the contents and levels of metals in this product is available on the internet at http://www.aapfco.org/metals.htm
